## 3. **News from the committees**

### 3.1. **University Assembly**

- It was voted for the re-election procedure in both cases (President 57 % and Chancellor 66 %)
- In four weeks the personal election will take place
- In addition, new rules of procedure were approved, since the assembly has only been in existence for one year.

### 3.2. **Hearings of chancellor and president**

- took place
- both hearings were not very informative for the students
- generally little was said about student concerns

### 3.3. **Faculty Council**

- controls still do not work ideally after 1.5 weeks
- the random sample control is not considered sufficient by us
- a big problem is still that not everyone sits in the designated seats.
- Faculty management should again point out to all teachers to check their courses themselves.
- overcrowded courses with 50 % occupancy are still partially held without a mask.

### 3.4. **StuKo**

- Student Life Cycle Management was presented by Ms. Kopf and Mr. Hotzl
- bison, university mail and moodle should be made more accessible and usable from one platform
- project for the next 8 years and it is desired that also students participate (knowledge in computer science or technology is NOT necessary)
- currently the digital department is responsible for this
- Initiative guidelines are to be confirmed, but some of them are already in place

- M18 flea market Sunday 31.10. 13 to 18 o'clock
- Committee work should become more bilingual, most of it is still completely in German
- HSB reported on the "problem" of Wielandplatz, since more people are now staying there again.
- There were discussions with the Klassik Stiftung whether the thoska should also include a kind of cultural ticket (offer of the Klassik Stiftung).
- However, this will require a ballot vote, which will probably take place again at the committee elections in 2022.
- M18 may get a new locking system, so that the doors can be operated with the thoska (as in other university buildings).
- Initiative meetings will be held on Wednesday, Thursday and Monday.
- Two representatives are needed for the "Bau- und Gestaltungsbeirat" (building and design advisory board). The meeting will take place on 11.11.2021.

### **3.5. Extended Faculty Management**

- Professors are very pleased with how their teaching has started
- thoska cannot be used as identification document for matching with vaccination card

## **6. Team Building Weekend**

It was reminded to all who have not yet voted to still do so.

[↑Top↑](#)

## **7. Amendment of the FsR Order**

In the next meeting we will discuss the design of this new order and have as a template the order from FsR M.

[↑Top↑](#)

## **8. Organization meetings**

Sessions will be moved up to 6:30 p.m. from next time.

[↑Top↑](#)

## **9. Flea market M18**

On Sunday, 31.10.2021 13:00-18:00 the M18 flea market will be held.

[↑Top↑](#)

## **10. Other**

### **10.1. Advent calendar**

Until the next meetings, we want to collect ideas for our contribution to the Advent calendar (e.g. Christmas/building yoga poses)

### **10.2. Protocol check**

Some protocols still need to be approved. This is best done by circular resolution.

### **10.3. Mulled wine distribution**

Since a get together will be difficult to organize this year, we want to start again in December at the latest with the distribution of mulled wine during the lunch break  
A shift plan will be prepared until the next meeting. There should be at least one person from the FsR and if necessary a fellow student from other study programs.
