9.4	Study start hotline .....	5
10	Dates of the next two weeks .....	5
11	Next meeting.....	5

## 0 **Bilinguality**

It is decided that the meeting will be held in German.

## 1 **Agenda**

The meeting was opened by Pascal Schwörer at 19:15.

## 2 **Welcome of the guests**

No guests present.

## 3 **News from the committees**

StuKo

- Mid-October 20th anniversary of M18. There is to be an audio walk on the historical background and a small celebration outside to introduce ourselves.
- There will be a vaccination campaign for Thuringian students from 03-04 July 2021 with the Johnson & Johnson vaccine. However, the university also has 750 doses of vaccine from BioNTech that expire on 07/10/2021.
- Designing Audit Diversity took place on 6/18/2021. A lot of it was about psychological support for students. For this reason, Study Guides should best be trained beforehand as well.
- Students are being sought for the Mensa Committee. The next meeting will be on 07/14/2021.
- C-Kompass (student calendar) is to be redesigned over the summer break. So far faculty K&G has been doing it. Still looking for interested people who still want to participate.

Extended Faculty

- 50% of the students have accepted the attendance offer this semester.
- Project with Thuringia wastewater treatment plants to find out where there were Sars-CoV-2 residues via fluids.
- There will be another summer party on 09/16/2021.
- It is not yet clear in which framework there will be face-to-face teaching in the winter semester 2021/2022. However, the rooms will be prepared again so that face-to-face teaching is possible as in this semester.
- Car-free downtown to be planned. Faculty management is against this, as all buses would then be permanently routed via Coudray Street.

## 4 **News from the study programs**

-

## 5 **Open committees**

### **5.1 Department of Cultural Promotion 1 representative**

We are still looking for 1 representative.

### **5.2 Examination Board Civil Engineering 1 representative**

We are still looking for 1 representative.

### **5.3 Appeals Committee "Data Engineering" 1 representative**

We are still looking for 1 representative.

## **6 Safety precautions for classroom events**

For planned face-to-face events in the winter semester 2021/2022, early consideration should be given to the safety precautions to be taken for students and lecturers. One consideration would be a mask requirement during the entire course and additionally the presentation of a negative test result. It was suggested to bring the concern also to the StuKo to get even more support.

## **7 Get together**

At the moment before the exam period nobody is able to organize a get together. It was considered to move the get together to the weekend of the first week of lectures, in order to make it possible to get to know each other better (15.-17.10.2021).

## **8 Bilinguality in protocols**

At the moment there are only protocols in German. In the future, the protocols should also be available in English. At the beginning the idea is to translate the protocols only by an online translator and then we will check if it is understandable enough.

## **9 Others**

### **9.1 Discussion about meeting in freshmen week**

A date for a meeting to discuss the Ersti-Week was searched. According to the survey it will probably be Sunday, 11.07.2021 at 2 pm.

### **9.2 Sponsoring bags**

Julia will write to some sponsors to ask for material for the Ersti-Bags.

### **9.3 Complaint regarding deletion of videos in Mechanics I and Math I**

A few meetings ago the issue was raised that in both modules from last winter semester the teaching videos were deleted. This is a big disadvantage for some students who want to write the exams this semester. They do not have the same opportunities to prepare for the upcoming exam as the students who wrote the exam in the winter semester.

### **9.4 Study start hotline**

Four people were sought for the study start hotline. Three from the Management program have responded. Thus, one person is still needed. In addition, it would be nice if there were students from the other programs.

## **10 Dates of the next two weeks**

- 30.06.2021 StuKo board
- 01.07.2021 StuKo
- 07.07.2021 Senate
- 08.07.2021 StuKo

## **11 Next meeting**

The next meeting will be held on 13.07.2021 at 7pm probably hybrid, in the Big Blue Button room of the Student Council and on the campus in front of the main building.
