

Bauhaus – Universität Weimar

Student Council Civil Engineering  
Protocol to the meeting from

30.01.2023

## Protocol

### Attendance of members:

#### present

Helena Bedin  
Janna Bülow  
Rebecca Kelwing  
Sarah Kinder  
Pascal Schwörer  
Emily Willenbacher  
Tabea Gabi Ziegler  
Erik Konrad  
Patrick Michaelsen  
Christian von Hören  
Sarah Kinder  
Berit Baur

#### not present

Ikramullah Quayyum

#### guests

Nils Schröder

**Speech leader:** Pascal Schwörer  
**Protocol:** Janna Bülow  
**Duration:** 20:45 – 22:15  
**Pause:** /

0.	Bilinguality .....	3
1.	Agenda and protocol check .....	3
2.	Welcoming the guests .....	3
3.	News from the Committees .....	3
3.1.	Talk between Ms Goldammer and Pascal Schwörer .....	3
3.2.	StuKo .....	3
3.3.	Computer Science AG .....	3
4.	budget .....	3
5.	News from the study programs.....	4
6.	open committees .....	4
6.1.	Examination Board Digital Engineering.....	4
7.	Contact with smaller degree programmes .....	4
8.	Bauhaus.occupied .....	4
9.	other .....	4
10.	Dates of the next two weeks.....	4
11.	Next meeting .....	4

## 3. **News from the Committees**

### 3.1. **Talk between Ms Goldammer and Pascal Schwörer**

Bundle reaccreditation for several study programmes of the Faculty of Civil Engineering is currently taking place. Feedback from students was requested, which has only been provided in part. The FsR B has prepared a questionnaire for this purpose, which should serve as a basis for future work.

### 3.2. **StuKo**

The Welcome-Back Week is being planned. The programme should be based on the programme of the Freshers' Week, although considerably fewer students enrol for the summer semester. The majority of international students enrol for the summer semester and it is important to the Student Council to welcome these students as well. In addition, a semester start party is being planned two weeks after the start of the semester. The FsR B also suggests using the Mascha as a location.

The student election committee still needs a representative from Faculty B.

The entrance to the library (lower entrance) will be locked from 6 pm onwards, but the door can still be used as an exit.

### 3.3. **Computer Science AG**

Prof. Plank Wiedenbeck will head the Computer Science Working Group of Faculty B in the future. B. A student from Faculty B is being sought to join this working group. This information will be shared via Moodle.

## 4. **budget**

The FsR B invested in a boom box for future events. In addition, a lock needs to be purchased to store the boom box appropriately. The FsR decides to buy porcelain cups, which are more suitable for serving mulled wine.

## 5. News from the study programs

/

## 6. open committees

### 6.1. Examination Board Digital Engineering

1 representative

[↑Top↑](#)

## 7. Contact with smaller degree programmes

Some of the smaller degree programmes are not represented in the Student Council B and it is sometimes difficult to reach students from these programmes. The question is therefore how the FsR B can establish closer contacts. No ad hoc solution is found.

## 8. Bauhaus.occupied

The FsR B discusses the Bauhaus.besetzt campaign. The FsR decides against a public position, as it is not expected to be able to write a statement for all students of Fac. B students.

## 9. other

Reference is made to a cloud folder of the FsR B, which should continue to be thoroughly maintained by the members of the FsR B in order to continue to have a good collection.
