0. **Bilinguality**

The session will be held in german language.

[↑Top↑](#)

1. **Agenda and protocol check**

Pascal starts the meeting at 19:15.

[.↑Top↑](#)

2. **Welcoming the guests**

The Student Council welcomes Antonia and Nils as well as Lisa Geese and Dana Höftmann and Richard Lessing.

Dana Höftmann introduces herself as representative of the public relations of the faculty of civil engineering. She is responsible for the topic of science communication.

Lisa Geese takes care of student marketing.

Currently, preparations are underway for Summeary and next year Faculty B will celebrate its 70th anniversary.

Lisa organizes events such as the Master's Info Day and the HIT.

Lisa points out that tutors are already being sought for the upcoming introductory week. In addition, Bauhaus ambassadors from Fak. B, who are employed as assistants in the DSL.

The FsR will pass on the information to the new FachschaftsRat. The goal is to have another meeting at the end of the year before the anniversary year begins.

3. **News from the Committees**

After protracted negotiations with the Klassik Stiftung Weimar, the "Kultur Ticket" is extended.

3.1. **Stuko**

Awards committee meeting for Bauhaus Exhibition '23. The meeting will be held on 5/31/2023, time to be announced. Nils agrees to go there.

University information day will take place on 03.06.2023. The FachschaftsRäte should at best offer something in the M18 garden. Emily and Antonia declare themselves ready for this.

3.2. **Faculty Council**

The CHE ranking for the Management [Construction, Real Estate, Infrastructure] program is now published.

04.11.2023 Graduation ceremony of fac. B

Further information can be found in the minutes of the Faculty Council.

3.3. Dean's Office Information.

M7 should be open 24/7 again for all students.

[↑Top↑](#)

4. open committees

A representative is needed for a committee to organize the StudentLifeCycleManagement. The student representation should send one person for this purpose.

[↑Top↑](#)

5. election advertising

Elections will be held on 6-8/06/2023. There are currently enough candidates for FsR B. The question is how to advertise the elections and the candidates.

6. course of studies meeting

There will be a feedback meeting for the Civil Engineering program on 05/24/2023. The program director did not provide any information/invitation for this. This was done only through the students. The information will be shared again through the private channels of the students.

7. miscellaneous

The StuKo has a pot for student council trips. The question is how to divide this money among the FachschaftsRäten.

Nominations are being sought for the teaching award.

For the Studienstart-Hotline we are looking for people who are available in August.

8. dates of the next two weeks

07.06.2023 Senate
07.06.2023 Audit Committee
06.06.2023 FsR meeting

9. Next meeting

The next meeting will be held on 06/06/2023 at 7:15pm.
This is the last meeting of the Student Council.
